Version 1.504 Release Notes

BuilderTek
Version 1.504
Date: 16th June 2023

🚀 Improvements

_____

- **Quote - Sending mail will create activitiy** -Now when user sends email from *Preview* button on quote it will create a new activity on that particular quote record.
- **Project - PO Tab** - If there is no email address for that particular PO, user can remove that PO from that model or can also add email address to that particular purchase order.
